

Where to find information about national rules applying to biocidal products placed on the market according to Art. 89 of the BPR

Note:

The information featured in this table aims to assist parties interested in national transitional procedures under Article 89 of the Biocidal Products Regulation (BPR, Regulation (EU) 528/2012). It is collected from the national helpdesks responsible for the BPR, and it is updated once a year.

ECHA gives no guarantees regarding the correctness of the information in this table, and it accepts no responsibility and liability for its use or with regards to any advice received from the national helpdesks. In case of doubt, you can contact the relevant national authorities for clarification.

In accessing links to the national authorities' websites, you will be subject to the terms of use and privacy policy of those websites. ECHA does not accept any responsibility for the contents or use of these websites. The websites of the national authorities are typically available in the applicable national languages only; it is recommended to use an internet browser that supports translations.
