Decision

The Norwegian Environment Agency hereby grants 2022 ENVIRONMENTAL SCIENCE FR SAS a postponement of the expiry date for the authorisation for the biocidal product Maxforce White IC on the Norwegian market. The expiry date is postponed from 20 February 2024 to 31 December 2025.

The product is mutual recognised in Norway under the terms and conditions as described in the final Norwegian Summary Product Characteristic (SPC) attached to the R4BP3 asset case no. NO-0010802-0000. The final SPC can also be found on the website of the European Chemicals Agency here: [Information on biocides - ECHA \(europa.eu\)](https://echa.europa.eu/information-on-biocides).

The grant of extension of expiry date is given in accordance with Article 31(7) of Regulation (EU) No 528/2012 (the Biocidal Products Regulation, BPR)

Background

Regulation (EU) No. 528/2012 (the Biocidal Products Regulation, BPR), is implemented in Norwegian law through the Norwegian Biocide Regulation of 18 April 2017 No. 480.

For authorisations that are mutual recognised, it is agreed among the Member States that these authorisations shall have the same expiry date as the national authorisation granted by the reference Member State (c.f. CA-Sept14-Doc.5.7 –Final).

The current expiry date for the Norwegian authorisation is 29 February 2024.
